**STATE CORPORATION COMMISSION**

PETITION OF

# VIRGINIA ELECTRIC AND POWER COMPANY

*In re: Virginia Electric and Power Company's Integrated Resource Plan* filing pursuant to Va. Code § 56-597 et seq.

Case No. PUR-2023-00066

## NOTICE OF PARTICIPATION OF AMAZON DATA SERVICES, INC.

Pursuant to Rule 80 B of the Rules of Practice and Procedure of the State Corporation Commission (“Commission”), 5 VAC 5-20-80 B, Amazon Data Services, Inc. (“Amazon Data Services”), by counsel, hereby submits its Notice of Participation in the above-captioned matter. In support of this Notice, AWS states as follows:

1. On May 1, 2023, Virginia Electric and Power Company (“Dominion”) filed its 2023 Integrated Resource Plan (“2023 Plan”) with the Commission in the above-referenced proceeding in accordance with § 56-597 et seq. of the Code of Virginia (or “Va. Code”) and the Commission’s guidelines issued on December 23, 2008, in Case No. PUE-2008-00099. An integrated resource plan, as defined by Va. Code § 56-597, is “a document developed by an electric utility that provides a forecast of its load obligations and a plan to meet those obligations by supply side and demand side resources over the ensuing 15 years to promote reasonable prices, reliable service, energy independence, and environmental responsibility.” Pursuant to Va. Code § 56-599 D, the Commission will analyze the Company’s Plan and make a determination as to whether the Plan is reasonable and in the public interest.

2. Amazon Data Services is a subsidiary of Amazon.com, Inc. and an affiliate of Amazon Web Services, Inc. The principal office of Amazon Data Services is 410 Terry Avenue North in Seattle, WA 98109-5210.

3. Amazon Data Services owns and operates several cloud computing data centers in Virginia. Because of the electric power needed to operate data centers, Amazon Data Services is a large electric customer of Dominion with a high load factor. Amazon Data Services plans to open more Virginia data centers and, as a result, will become an even larger customer of Dominion. Amazon Data Services expects to be a large Dominion customer for not just the next 15 years but for decades to come.

4. Amazon Data Services has a direct and substantial interest in this proceeding because its cloud computing data center business relies heavily on having access to a reliable and reasonably priced supply of electric power. Amazon Data Services therefore has a substantial economic interest in ensuring that Dominion's integrated resource plan thoroughly considers and appropriately weighs all factors affecting the reliability and cost effectiveness of supplying electric power over the long term in accordance with Dominion's legal and environmental responsibilities. Amazon Data Services seeks to protect these interests through participation in this proceeding.

5. Counsel for Amazon Data Services in this proceeding are:

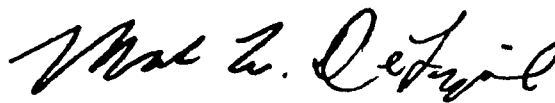

Mark W. DeLaquil (VSB #68088)

\*Not admitted in Virginia

Michael W. Lehr (VSB #94859)  
Associate Corporate Counsel  
AWS – Infrastructure  
4250 N. Fairfax Drive  
Arlington, VA 22203  
[mikelehr@amazon.com](mailto:mikelehr@amazon.com)

6. WHEREFORE, Amazon Data Services gives notice that it will fully participate in this proceeding, and respectfully requests that the Commission confer on it all of the rights of a party Respondent.

Respectfully submitted,

By:

Mark W. DeLaquil (VSB #68088)
